

# Fairness Committee 2015 Selection Entrance Exam

- The Exam contains **4 subjects**.
- Maximum points that a participant can earn: **20**.
- Estimated time to solve the exam: **30 minutes**.

1. Why do you want to be part of the EM Fairness Committee? (4.5 points)

Even EM is the best contest I've ever seen and I've ever have take a part, I think there are still some flaws, especially in the rules, but that's not the only reason why! I think it's also time to bring new wind in EM, time to more activate and mobilize a bit more all the members of EM, to bring them to be more active. And also, ofc, I wanna be a part of the team which is leading and hosting such a great and amazing online show.

2. Describe the “People’s Choice” Selection. How can it be improved? Give examples. (4 points)

The „People's Choice“ Selection is a great thing but it still dose need some updates, if I can say it so. I think it should be like this: every country which got the highest points from one of the direct qualifiers, it should go into the next round. For example, Germany (Direct Q) gives to Austria 7 points, and Germany's 12, 10 and 8 points has qualified but Austria not, so Austria goes into next round, and so every direct qualifier. Than in the next round will be opend a 1HOUR voting in which everyone can vote. Than the 2 countries which got the most points goes into the 3rd round. In the 3rd round again the direct qualifiers are voting and the country with the most points qualifies to the Grand Final!

3. Rule no. 5.7 states the fact that: “The FC will propose, vote and apply new rules”.<sup>1</sup> What are your thoughts about this rule? Give relevant examples to support your argument/s. (5 points)

Well, the FC members should be role models for the other EM members, so this rule is really important. OFC we need and must apply rules as first, the everyone else, but we are the ones which also need to imrove this contest and so we need to propose new rules to make the contest even better and better for everyone. For ex. if we don't follow the rules and apply them, how can or will the other members do?! If we don't improve the contest, how can anyone be in will to stay in this contest!?

4. PROBLEM: Belarus submitted a song which was used by Russia 17 editions ago. It qualified in the Final. The F.C failed to detect the issue and now almost half of the EM Participants voted in the Grand Final. What can the F.C do now? Give examples to support your arguments.

This is really easy. We let everyone know that we didn't detected the issue on time and that we are sorry for this and we let it as it is. At the end of the edition we just disqualify Belarus. If Belarus win, the 2nd place will be the winner and that's it. It is not only up to us. The member should know all the history of the singer he is sending and so he should know it could be sent for Russia too and have should checked the history of Russia too!
