

"Good Evening, Europe!"

Founded in August 2011 by **Florin Marian Suciu**, the **Eurovision Memories Song Contest** became one of the most popular contests dedicated entirely to the famous Eurovision Song Contest. Eurovision Memories is an unofficial Eurovision Song Contest competition where people all over world can join and select a European country to compete with.

Of course, **Eurovision Memories** is not complete without music. Choose a song for your country and give points, in Eurovision style, to other countries. The country with the most points wins and gets the chance to host the next edition.

Initially starting with a small group of people, **Eurovision Memories** became a brand during the years. Now we have many players from all over the world that enjoy this amazing experience. Our main purpose is to 'make memories' and enjoy music at the maximum level.

Being part of the EM community gives you a lot of advantages, you can be part of one or more EM Teams such as: EM Journalists, EM Organizers or even the Fairness Committee. You just need to apply and we'll do the rest!

For more information, please check out Rules and look for available countries at Free Countries.

Good Luck and most of all have fun!
