

# The EM Winner's GUIDE

By

Eurovision Memories Team  
The EM Winner

## GET STARTED RIGHT AWAY

You just found out that you won the Eurovision Memories Song Contest! **Congratulations!** Now, you need to do your best in order that the following edition will come out as great or even better than the previous one.

## COMMUNICATE THE EM ORGANIZERS THE MAIN DETAILS

## THE ARENA, CITY AND LOGO + SLOGAN

After you find out that you won, you need to communicate the organizers the **City** where the next edition will be organized, the **arena**, the **TV host** and finally the **Logo Theme**. The Logo theme is not mandatory, but in case you're planning to create one for the main event, make sure you tell the organizers on time. In case you don't have the knowledge to create a logo design, the EM organizers can organize a contest where other players can submit their proposals and then you, together with the other EM players can pick the best choice.

## YOU ARE A FINALIST!

Yes! Since you won the current EM edition, you are automatically qualified as a finalist for the next EM Edition. As a bonus, you will get the chance to vote in both semifinals organized for the following editions. Voting is not mandatory in the Semifinals but you should always announce the organizers if you're planning to skip voting for the semifinals.

---

**YOU ARE NOW THE MAIN ORGANIZER!**

Indeed, since you are the big winner, you now need to make sure that the next edition will be the best ever. Try to come up with ideas on how you can make the show more interesting. You can do recaps, interactive shows, write articles about the events etc. It's your duty as a host to make everyone feel great.

Work with the organizers to host the semifinals shows and the grand final together. Always try to be part of the main team since you have this possibility.

*Good  
Luck!*
